WEDNESDAY, AUG. 21, 1907.

How often we read of a negro church meeting breaking up in a row. Did you ever read that of a white church meeting? That recent row in Baltimore was bloody and brutal. Left to themselves the negroes would soon relapse into barbarism. If they continue to antagonize the white race with which in the providence of God they have been brought in contact in this country, their future will be as black as the skin of the blackest of them.

That was rather "cheeky" on the part of the U. S. Assistant Attorney to indict the Standard Oil Co in bitter and biting terms for selling its products cheaper in the foreign than in the home market, when the Republican tariff system encourages our other manufacturers to do just that thing. And they all take advantage of it. We assume, of course, that the aforesaid Attorney, like his master, Mr. Roosevelt, gives aid and comfort to the Republican party.

The Baltimore sun insists that Mr. Roosevelt has done nothing practical in all his attacks on the trusts, and the Sun is right. Now let the Democrats stay together and make effective fight against the most gigantic and the most hurtful trusts in the land, the Republican party. Let the Sun see to it that it stands to the colors next time. Desertion means death to Democratic hopes, and generally to the Democracy of the deserter.

With the exception of a few grooms at West Point there is'nt a negro soldier on American soil, no not one of them non-coms, and none in control anywhere in the south and the force of having them in the departments at Washington will soon end. The war-time victories were nothing compared with those that have been won since. The brother in white is a marvelous animal.

If Congress will go to work on a good road's bill as soon as it meets again and never let up on it until something practical has been accomplished, we wont begrudge the raise in salary. If, however the time is trifled away in oration and resolution we will turn the last one of them down.

Col. Cabell, of Norfolk, will make war on the sale of liquors by social clubs on Sunday. A "dry" Sunday at the clubs may make home more familiar to the clubmen The country could survive the destruction of all clubs but not of homes.

The Richmond Evening Journal has now a wire running direct into it's office along which will travel the latest news of earth. With its ability, independence and courage combined with all the news nothing remains to make a perfect newspaper.

We really thought Rev. Sam Small was dead, but it turns out that he has only been closeted with Mr Roosevelt, and emerges with secrets which had only been confided to the aforesaid Sam.

"After all" says the Petersburg Index—Appeal, "the public is not such a fool as it looks." Sherter than the Lincoln version but carries with it the same good truth.

It is given out that Rockefeller and others are making war on Harriman. We have somewhere read that when certain people "fall out" others "get their dues." If this be so we say "lay on McDuff and d—n he who first cries hold, enough."

A Buckingham Woman Almost Assaulted in Lynchburg.

Henry Teninity, a young white man, aged about 21 years, was arrested last night about midnight in the boarding house of his mother on Lower Main street, on the charge of having attempted to criminally assault Mrs. Josephine Bristow, a young married woman from Buckingham county, who was spending the night in the boarding house. Teninity was arrested in the room occupied by the young woman and locked up at police headquarters. The police are investigating the matter, and it will probably come up for preliminary hearing in the Police Court tomorrow.

Mrs. Bristow was a guest at the boarding house during the night, her husband having gone to Buckingham county to return today. She retired early last night, locking the door and leaving the key in the lock. A few minutes after midnight she aroused a number of persons living in the square by her cries for help, and Officers Gillespie and Irvin ran to her aid.

Officer Gillespie was first on the scene He heard Mrs. Bristow on the inside and he asked her to open the door. She said she could not, as the man had taken the key out of the door and that he was under the bed at that time. The officer announced that he would break open the door if it was not unlocked, and then Teninity came from his hiding place and opened the door. He was place under arrest, and after being allowed to put his shoes on was hurried off to the police station, the officer fearing the rapidly gathering crowd on Ninth street.

After Teninity was safe behind the bars, the policeman returned to the boarding house, and Mrs. Bristow stated that she had retired very early because she was tired. She must have been sleeping soundly, but she was awkened suddenly to find that a man was in the act of attempting to assault her. She said she was told to keep quiet or she would be killed, but she began to yes at and to cry for help. In a short time she managed to liberate herself, she said, and then she rushed to the open window and cried "Murder." It was this cry the policemen heard and they quickly responded.

The officers believe the room was entered through the transom, as this seems to have been the only way the room could have been entered with the door locked as it was.

Mrs. Bristow was bordering on prostration when she was being questioned, the officers declaring that she was well-nigh frightened to death. They saw that she was removed to the Hotel Roby, where she said she would remain until the return of her husband from Buckingham which will pr bably be this afternoon.

The cries of the woman caused a considerable excitement on Ninth street, as she made her entries hastily enough for them to be heard a square away.—Lynchburg Advance of Tuesday last.

Babcock in the Hands of Crooks

Last week our popular Commissioner of the Revenue went down to do the Exposition and took his family and about $400 in currency with him. Everything went along smoothly until Mr. Babcock began to look up side-trips—he went down to Ocean View. Here he met a well-versed farmer who discussed the war with him and the scenes around the historic battlefield of old Appomattox. Finally the new-made friend suggested that he could accompany him to Col. Wewar's office and he would procure for him a pass to one of the great battle ships, which lay at anchor in the harbor. Mr. Babcock excused himself to his family a few minutes and the two farmers started for Col. Weaver's office, which is a red, 2-story building in an isolated spot. They walked in and Mr. Babcock was invited to take a seat which he did very near the door. A game of poker was going on and all hands insisted on Mr. B taking a hand, when he refused his companion said he would be compelled to play. About this time the Commissioner began to think of his family and friends and the fat wad of green backs in his pocket and excused himself for a moment, having become suddenly ill. When once outside he was soon lost to sight in his flight for freedom. One of his party, who had been sent out to look for him, saw him running and tried to stop him, but he waited to make sure that he was on safe ground before he let down his pace. Mr. Babcock left Ocean View and advises his friends to give it a wide berth and verily believes that had he once entered the room he would have been destroyed and no one would have ever found the murderers. It would have been easy work for Mr. Babcock to have landed all these boys behind the bars if he had reported the matter to the officers, but he employed his time entirely in shaking the dust of the town from his feet.

Death of an Infant.

Russell, the infant of Mr. and Mrs. John Jamerson, who has been sick since birth, which was only eight days, met the perils of death on Monday last, August the 5th. Repeated skill of the physicians was used without results and it seemed that nothing would please but death itself, and at early dawn it fell into that dreamless sleep that kissed down the eyelids and passed into silence and pathetic dust. Just in the happiest hour of all the voyage, the eager winds of death kissed the timid sails of life and we heard the billows of the death angel roar and soared away to the Haven of Rest beyond that silent River.

To tell of it's life, we know every day was woven in innocence, every hour rich with love and every moment jewelled with joy. We placed him back to mother earth that the soil might cross the desert and enter the pearly gates above to rise in the early morn of Heaven.

Four young boys served as pall bearers: Masters Herman Ould, Eliot Staples, Childrey Stratton and Bruce Staples. Misses Ruth Ould, Beulah Woodson, Nancy, Paul and Ruth Carter, were the flower girls and followed the corpse, each with a bunch of flowers, which beautifully decorated the mound as tribute to it's last resting place. The burial services were conducted by Mr. Thomas H. Steele

Resolutions of Respect.

Whereas it has pleased the Great and Alwise God to remove from our midst our comrade, Luke A. Bagby, whose death occurred on the 16th day of July 1907, after a long and painful illness,

First, Be it resolved that in the death of Comrade Bagby, this Camp and community at large has lost an influencial members, his neighborhood one of its best and kindest neighbors, the way-farer or traveller a true and hospitable friend, the county, state and nation a true and loyal citizen, faithful in all of his duties, and the Christian religion a true and zealous follower.

We mourn the death of our comrade not without hope, but in the trust that since he has passed over the river, that he is now basking in the radiant sunshine of eternal felicity, beyond the cares and perplexities of war or rumors of war, safe in the arms of the meek and lowly Redeemer, whom he has so long and so zealously followed.

Second, The death of our friend but admonishes us that time is fleeting, and that ere long all of us will have to answer that last roll call unto yonder," and it behooves us to lose no time in preparing ourselves, so as to be ready when the messenger calls us to depart.

Third, That a copy of these resolutions be spread upon the records of the Camp, and a copy se sent to the family of the deceased, and also be published in both of the county papers.

Respectfully submitted,

Great Roanoke Fair

The Roanoke Industrial and Agricultural Association will hold its annual Fair, beginning September 24th to 27th inclusive. Four days. The program is so arranged that every day will be a big day and it makes no difference when you come to see it. The preparations are complete. Its growth and influence have been wonderful and since its beginning in the fall of 1903 many successful farmers can point with pride to the many improvements of their stock and otherwise, as a result of the influence of the Great Roanoke Fair.

The Association makes it a point to work incessantly all the year and make it draw as great a stock exhibit as possible and the finest herds of cattle shown anywhere in the world congregate here for the benefit of the Virginia farmers. This year will be as great, if not greater, than any as no expense has been spared and the premiums raised so as to bring the finest cattle here that ever were shown. The premiums and purses aggregate $15,000. An enormous sum to be distributed and the Association needs and deserves a hearty cooperation of all the farmers.

Now, the amusement features are never neglected. Fine races are promised in harness as well as running. This feature exceeds the previous Fairs. Out door attractions of all kind and rare features will be exhibited and everybody who comes to see the Great Roanoke Fair will have an opportunity to have a good old time and lots of fun.

No gambling of any character is allowed on the grounds. Fakers are barred. You can bring your whole family and children and they will see nothing objectionable.

Address all communications and requests for premium lists to Louis A. Scholz, Secretary, Roanoke, Virginia.

NATURE'S

GREAT BLOOD TONIC

Piedmont-Bedford Concentrated Iron & Alum Water

(Representing the Famous Bedford Alum & Iron Springs of Va.)

contains 17 of the most powerful Mineral Tonics.

An 18-oz. bottle contains all the minerals in a barrel of the average water. **We furnish the minerals, you furnish the water.**

We have certificates both from the public and from eminent physicians, telling of its virtue in **Dyspepsia, Rheumatism**, a large variety of **Female Diseases, Chronic Diarrhoea** and **Dysentery, General Debility, Anaemia, Malar a, Ulceration** of the **Throat, Diabetes, Piles, Chronic Eczema, Nervousness, Chronic Constipation,** and many showing the wonderful cures in that dreadful disease, **Scrofula.**

DR. T. L. KARUM, for fifteen years a resident at the Springs, says: For *Scrofula*, that fearful destroyer of human health and happiness, we have in this water a *remedy which neither our best physicians nor medical science has hitherto found an equal.* It is in this malady, and *some forms of secondary and tertiary Syphilis, that this water when carried to its full alterative effect, displays its highest curative powers. In all forms of diseases peculiar to females, this water will be found to work a marvelous change second to none in Virginia.*

I have given your Concentrated Water a fair trial, and say with pleasure I have been greatly benefited. For some years I have suffered more or less with Indigestion, followed by Constipation and other ailments like. Within the past two months I have found such relief from your remedy that I have improved in strength and weight; have eaten what I have not dared to do for a long time, and have done harder work than I have been able to do before for years.

Rev. OSCAR LITTLETON,
Presiding Elder, Lynchburg, Va.

Since 1894 I have been afflicted with Chronic Diarrhoea. About six months ago I commenced using your Concentrated Iron and Alum Water and in a very short time results began to show for good. For many years past I have been deprived of the privilege of visiting friends or going to church, as my trouble kept me in constant apprehension, having lost almost entirely the control of my bowels; but now I am happy to state that after using about a half dozen bottles of your remedy I am entirely cured, not having used any for the last four months. I can confidently and most gladly recommend your remedy for Chronic Diarrhoea.

CAPT. RUFUS AMIS, Virginia, Va.

I was an intense sufferer for some months with Indigestion, and could get no relief from the ordinary remedies. During the month of January I began the use of your Concentrated Water, and one bottle has completely relieved me. I can now digest any diet and am entirely free from suffering. I take great pleasure in giving this testimonial.

Rev. H. M. BLAIR,
Editor *N. C. Christian Advocate*,
Greensboro, N. C.

I have used and prescribed waters from several Iron and Alum Springs, but none of them begin to come up to your Concentrated Water in that it goes to make the ideal alterative, strengthener, appetizer and restorative. It is at once a fine tonic and flesh-builder. I have advised several recently to try it, and always with fine and quick results. In January I had a bottle sent from one of your dealers to a lady, with the understanding that if it did not at once improve her digestive apparatus, I would pay the $1.00 myself. She not only willingly paid the bill, but used a part of one-half dozen more bottles, and is now completely cured of a long and annoying Stomach Trouble. This seems to be the case with all who try it.
